d. Noted the item in TIME of April 14, 1952, (Page 33) concerning the article in the Hungarian Party Organ Social Review written by Matyas Rakosi and stated that we should plug the information contained in Rakosi's piece by every possible means. Mr. Wisner stated that we had already done something on this and undertook to pursue this matter further. In connection with Rakosi's article, Mr. Dulles noted that our overseas personnel should have brought its contents to the attention of Headquarters without our having to wait to read it in a U.S. publication and stated that a letter should be sent to the field inviting attention to this and the incident of the Grow Diary and directing our overseas personnel to immediately forward similar items to Headquarters. The Director stated that this and "other things" should be done and he intended to discuss this matter at a later date.
